## OUR ORIGIN

Beelzebub Brewing Co. was born inside the walls of Collector of Souls.

What began as a place to gather — to eat, drink, and linger — soon demanded something more deliberate. From within Collector of Souls, the original venue name and a legacy to our Spirits range, Beelzebub Brewing Co. took shape: a beer line forged with patience, intention, and a quiet refusal to play it safe.

The beers didn't stay in their lane. They took on a life of their own. As the brewing grew, so did the name behind it. Beelzebub Brewing Co. now stands at the door — a brewery first, unapologetically so — while Collector of Souls remains embedded at the core of the experience.

Today, Collector of Souls lives on as our spirits line, where the original soul of the place still speaks.

Beelzebub Brewing Co. brews the beer. Collector of Souls distils the spirits.

One place. Two expressions.
